

Name of Respondent:
Sue Selwyn, Head of Culture and Lifelong Learning

“The Council’s plans will allow for a heritage venue in the centre of Bo’ness, making the town’s heritage more accessible to visitors and local people and encouraging visitors into the town centre.

“The Hippodrome is central to the overall THI project and we have to ensure that it is feasible.

“The Environment and Heritage Committee agreed to recommend the transfer of the museum function to the Hippodrome and also to consult with the community on future uses of the museum and its collections in the coming months.

“We are very aware of the opportunities that the possibility of World Heritage Status for the Antonine Wall could bring but that is for the future.”
